## *Mission Statement*

The Memory Care of the Triad in Kernersville, NC is designed specifically to provide memory care for those who need it. Our mission is to be the preferred provider in Assisted Living / Memory Care in the heart of the Triad communities we serve. Our customers will choose us because we not only specialize in compassion, knowledge and quality care provided by a team of trained caregivers but specialize in care for individuals with behavior needs.

## *Our Vision*

Memory Care of the Triad has a vision to eliminate loneliness, helplessness, boredom and to rekindle meaning, self-worth and a sense of belonging in all those who call our community home.

## *Caring Staff*

Our caring staff is specifically trained to care for residents with Alzheimer's and other dementias. Training is in accordance with Alzheimer's Association guidelines incorporating the latest medications and therapies. All staff must pass a background check which gives comfort to our residents and families. Our committed staff is available 24 hours a day.

## *Personalized Memory Care*

Memory Care of the Triad provides a protected environment and personal care for those individuals with memory impairments. We recognize and value each resident as an individual with their own unique abilities, interests, preferences, and desires.

We strive to improve the well being of the elderly and those who care for them by transforming the communities in which they live and work.

We believe that caring for people is an ongoing, interactive process and should continually adapt and change as a person's individual needs and preferences change.
